Technical comments:⁵

The Commission staff suggests that the article description of HTS heading 9902.24.10 be amended to use the article description on page 1 of this report in order to use the correct chemical name.

⁵ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
